

## Utkal Alumina International Limited Doraguda, Rayagada, Odisha

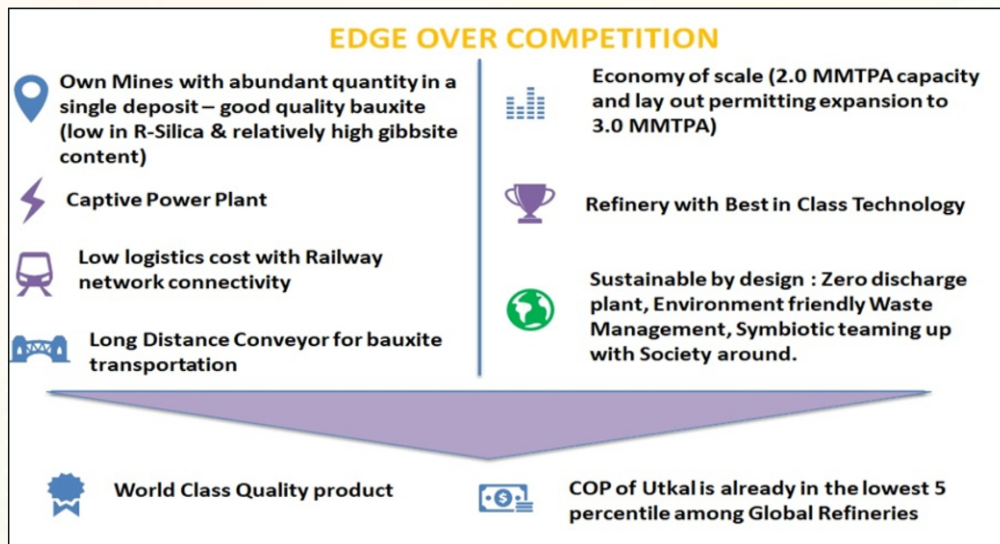

**Mazhar Beig**  
President & Unit Head

**Jai Tiwari**  
AVP (Safety, Fire & Health)

UTKAL Alumina International Limited, a 100 percent subsidiary of Aditya Birla Group company Hindalco, is engaged in alumina refining. The UTKAL Alumina Refinery project situated in Rayagada district of Odisha comprises of a 1.5 MTPA Alumina Refinery initially, Later, brownfield capacity expansion project of 0.5 MTPA (Project Surya Prabha) was taken in 2018, without addition in CGPP and commissioned in Sep'21. By integrating existing brownfield alumina circuit and capacity utilisation, the plant production is envisaged to 2.12 MTPA. It also comprises of bauxite mines (Baphlimali) with reserves lasting for over 25 years, and a co-generation power plant of 90 MW. UTKAL Alumina is a world-class refinery with state-of-the-art technology - from the world's acclaimed technology supplier, Rio-Tinto-Alcan. With the best quality bauxite as its input, tightly integrated logistics between mines and the refinery and technically skilled manpower the operating cost per tonne of alumina is amongst the lowest in the world.

The bauxite for UTKAL Alumina is sourced from Baphalimali mines, and travels over an 18-km long conveyor, which is one-of-a-kind in the world. UTKAL Alumina, a 100 percent subsidiary Hindalco. UAIL, feeds Hindalco's new age smelters at Aditya Aluminium Smelter (Odisha), Hirakud Smelter (Odisha), Mahan Aluminium (MP), Renukoot Smelter (UP). The surplus quantity is exported & sold in domestic markets.
